Enham Packaging & Storage (EPAS) provides contract packing, light assembly and storage services to companies throughout the South of England.

EPAS, also an ISO 9001: 2000\* company, is a **key partner to many well-known brands** in the manufacturing, promotional goods, confectionery, giftware, and mail-order sectors.

#### **Our services include:**

-  assembly – hand assembly of, for example, promotional and seasonal items, and customised assembly of gift sets, confectionery and household and light-industrial items
-  hot glue and PVA adhesives – completely assembling cartons, gluing pre-cut flat-pack cartons, trays and crash boxes, and applying clear film to window cartons
-  hand packing – of special products, as part of short-run pilot schemes through to full production programmes

 carton sealing – semi-automatic carton sealing, giving tape seals of a consistently high quality on items with a high production rate

 shrink wrapping – an ideal solution for packaging odd-shaped products or keeping several components together, such as in multipacks

 storage – over 60,000 square feet of warehouse space for storing items for packing or finished goods

We can also offer weigh-and-count, labelling, product-rework, pick-and-pack, despatch, collation and mailshot services.

Enham Nurseries is a successful contract grower for other wholesale nurseries, garden centres and landscape contractors.

Enham Nurseries **supplies a range of hardy shrubs** as rooted cuttings or fully grown plants.

Within the nursery trade, we have a reputation as one of the **leading suppliers of evergreen clematis**. We are justifiably proud of the clematis armandii '**Enham Star**', which we developed ourselves. We now propagate over 20,000 cuttings each year, which are distributed nationwide.

Attached to the nursery is the **Audubon Centre**. This forms part of Enham's 'Individual Development Programme', which supports over 20 disabled people with their own personal development.

The nursery is also the base for **horticultural trainees** who are undertaking NVQ Level 1 or 2 in Commercial Horticulture. We give trainees practical experience in running a nursery and developing horticulture.
