SUSE Service User Seal of Excellence

The Supporting People programme provides housing related support to help people to live as independently as possible in the community.

Through the Service User Reference Forum (SURF), service users have worked with the Supporting People team to develop the SUSE.

SUSE is an award given by Service Users to organisations with excellent standards.

SUSE will give service users the opportunity to:

- Receive training in how to be an assessor of Supporting People Housing Services.
- Have a say on which services deserve the award and which ones need to do more to achieve it.

SUSE Service User Seal of Excellence

Why not become an assessor?

How much time will it take?

- Only two days for your training session
- Each assessment can be completed in a day and you will be rewarded for each one you do

SUSE will give you the opportunity to:

- Receive training in how to be an assessor
- To use your experience to improve services.

SUSE Service User Seal of Excellence

Will I be on my own to do the assessment?

No.

- All assessments are done in pairs and you will have the support of SUSE staff to help you if you want.

Will it cost me anything?

No.

- If you use your own car you can claim back £0.40p per mile. If you use public transport, i.e. a bus or train, you can claim the cost. If you have mobility issues then you will be able to use a taxi once it has been agreed by Enham.
